

Outsiders

living life to the full

Disabled and Looking for Love?

The Outsiders Club runs lunches for People with Physical, Sensory & Social Disabilities

Come and relax with a group of people having fun in a lovely accessible venue with no loud background noise, where you can buy a wide range of reasonably priced food and drinks. Everyone is introduced to everybody else. Sometimes we hold group discussions about disability, dating & personal dilemmas.

Our members also enjoy a dynamic online Clubhouse where they get to know one another, support each other, make friends & find partners.
